CPAP masks

# Like wearing nothing at all<sup>1-3</sup>

**Note:** Switching from a nasal cushion to a full face cushion requires different headgear and instructions. Consumers must consult their provider before making adjustments.

<sup>1</sup>DreamWear Under the Nose Nasal: Data analysis at 30 days of use of 2015 Philips sponsored patient preference trial (n=98). Prescribed masks include ResMed Swift FX, ResMed Mirage FX, Philips Wisp, and ResMed P10. Data analysis at 10 days of use of 2019 Philips sponsored patient preference trial (n=81). Prescribed masks include ResMed Airfit N10, N20, Mirage Fx, Philips Wisp, Pico, ComfortGel Blue, F&P Eson & Eson 2.

<sup>2</sup>DreamWear Full Face: Data analysis of Aug 2017 Patient Preference trial where (n=85) and prescribed masks include ResMed Airfit F10 and F20, Respironics Amara View and F&P Simplus.

<sup>3</sup>DreamWear Gel Pillows: Data analysis at 30 days of use of 2017 Philips sponsored patient preference trial (n=80). Prescribed masks include ResMed Swift FX and P10, F&P Opus and Pilairo, and Philips Nuance and Nuance Pro. Data analysis at 10 days of use of 2019 Philips sponsored patient preference trial (n=72). Prescribed masks include ResMed Airfit P10, Swift Fx, Philips Nuance / Nuance Pro, F&P Brevida, Opus & Pilairo.

<sup>4</sup>Patient Preference study with DreamWear gel pillows with original headgear users; (n=47), Jan/March 2019, at 30 days. Original headgear refers to the slit headgear design on DreamWear gel pillows mask.

<sup>5</sup>Patient Preference study with DreamWear Nasal with original headgear users; (n=140), Jan/March 2019, at 30 days. Original headgear refers to the slit headgear design on DreamWear UTN Nasal mask.

<sup>6</sup>The design of the masks are such that it does not contact the nasal bridge.

# One mask. Three cushions. Maximum comfort.

- ✓ **Top-of-the-head hose design**  
Sleep in any position you want – even on your side or stomach
- ✓ **No hose nose**  
Sleep closer to your bed partner
- ✓ **Enjoy your nighttime routine**  
Wear glasses, read or watch television before bed

Speak with your respiratory therapist to discover which Philips DreamWear cushion is right for you:

**Full Face**  
for mouth  
breathers

**Nasal**  
for the most  
minimal design

**Gel Pillows**  
for fitted  
seal

## Experience headgear with staying power

**DreamWear headgear with arm's** unique slip-resistant design keeps your mask in place throughout the night. In a recent study, 98% of gel pillows<sup>4</sup> users and 94% of nasal users<sup>5</sup> stated that the updated headgear on DreamWear masks stays in place during use.

“You guys took the best mask out there and you made it better. The headband is perfect now.

It goes underneath your occipital bone rather than across it, so the mask stays on all night. I used to have problems with the headband riding up.”<sup>8</sup>

— John D

“As soon as I put it on, I immediately liked it. It was more comfortable – by keeping the strap on the back of my head further down.”<sup>8</sup>

— Jane E

## Discover the difference DreamWear can make

DreamWear is a sleep apnea mask that was radically redesigned with patient comfort top-of-mind

- 1 Minimal design**  
means no more putting up with bulky, uncomfortable masks
- 2 Top-of-the-head tubing**  
keeps the hose out of the way, allowing you to sleep in any position
- 3 Unique airflow method**  
enables airflow through the frame instead of directly to the mask cushion
- 4 Innovative design prevents red marks, discomfort and irritation on the nose bridge<sup>6</sup>**  
because the mask cushion sits under the nose rather than on it
- 5 Three unique cushion and headgear options**  
make it easy to find your personalised fit

No matter which cushion or headgear you choose,  
DreamWear is the closest thing to  
**wearing nothing at all.**<sup>1-3</sup>
