Ingenia Ambition 1.5T

The new reality in MR

In today's world, you may feel more pressure and uncertainty affecting your MR services. By freeing up your MR operations from potential helium complications, Philips Ingenia Ambition 1.5T can help you unlock your capacity to provide outstanding services to referring physicians and patients, reliably and productively. Perform your exams up to 50% faster¹ with Compressed SENSE and achieve a fast overall exam-time by a simplified patient handling at the bore with the touchless guided patient setup. This can lead to a better patient and staff experience. Just think what your new reality in MR could be.
