

PHILIPS

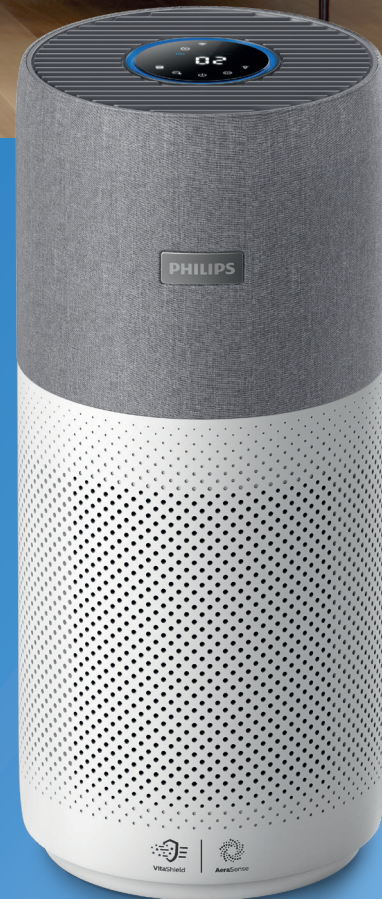

Air Purifier 3000i

Air Purifier
innovators
for 78 years

Clean, pollutant-free* air in minutes.

Effortlessly transform the air quality
in your home at the touch of a button.

- 99.9% of virus, allergen and pollutant removal.**
- Intelligent sensing and auto purification.
- Real-time air quality feedback.
- Simple 4 colour display ring for easy monitoring.
- Purify 20m³ room in less than 6 minutes.***

*99.9% of virus, allergen and pollutant removal. **. Microbial Reduction Rate Test conducted at Airmid Health group Ltd. tested in a 28.5m³ test chamber contaminated with airborne influenza A(H1N1). ***. Calculated using its Clean Air Delivery Rate (CADR) of CADR 520m³/h by the room size of 48m³ (assuming the room is 20m² in floor area and 2.4m in height).

PHILIPS

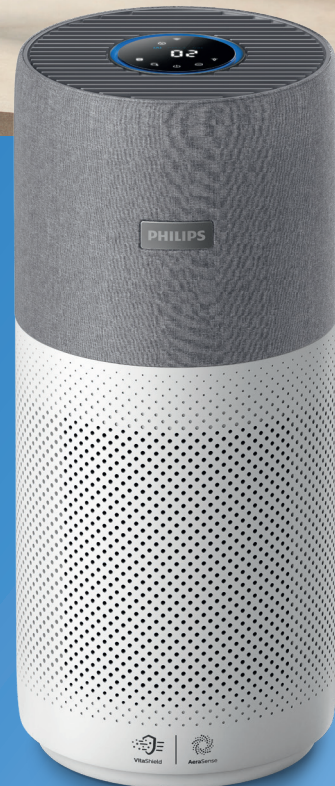

Air Purifier 3000i

Purify
20m² room
in less than
6 mins*

Clean, pollutant-free^{**} air in minutes.

Effortlessly transform the air quality
in your home at the touch of a button.

- The 3-layer filter effectively removes 99.97% of ultra-fine particles, including harmful pollutants, PM2.5, indoor allergens such as dust mites, pet hair or pollen, mold spores, bacteria, viruses, harmful gases and odours.***
- Shows real-time air quality for instant peace of mind – with numerical feedback on pollutant and allergen levels displayed clearly on the device, making the air quality immediately visible.

*Calculated using its Clean Air Delivery Rate (CADR) of CADR 520m³/h by the room size of 48m³ (assuming the room is 20m² in floor area and 2.4 m in height). **99.9% of virus, allergen and pollutant removal. ***Tested on the filter media for 1 pass efficiency at 5.33cm/s air flow, by a third party lab./From the air that passes through the filter, tested to JISB 9908-2015.
